

Holy Family University Family Center

Mission

The Mission of the Holy Family University Family Center is to provide resources to families through education, counseling, consultation, and advocacy. These resources serve to empower families to adapt to changes in the environment, changes in relationships within the family, and the changing needs of family members.

Goals

The goals of the Family Center are to offer support services that:

- enhance family processes of nurturing, support, and socialization
- respect family boundaries
- address expressed concerns of the family
- link families with community resources
- support outcomes of family survival, family continuity, and family growth.
